*For PLASTIC
&
PAPER playing card*

For PAPER playing card

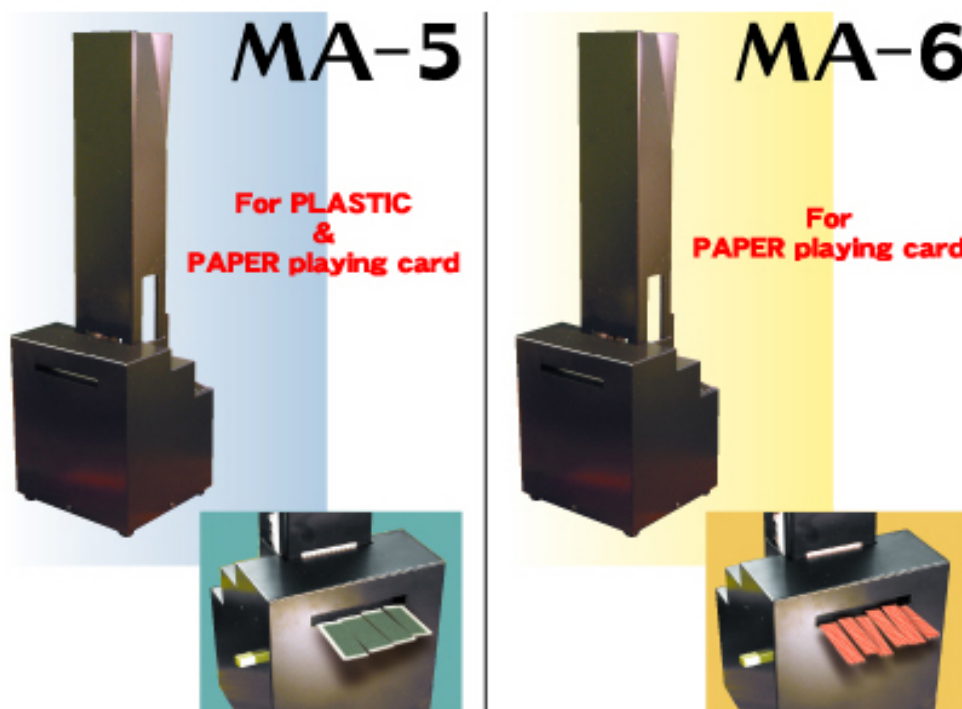

**Able to be used with
every known paper/plastic playing cards.
Bent cards-not a problem!
The machine is automatically stopped by sensor
when all cards were shredded.**

M MATSUI

MATSUI **1 year warranty** CARD SHREDDER

The MATSUI playing card disposal solution.

Designed for back room use, the powerful MA-5 can shred over 20 decks per minute and MA-6 can more speedily shred over 30 decks per minute ensuring all used cards are thoroughly disposed of and saving valuable personnel hours in the process.

The new automatic sensor sets the motor into standby when all cards in the tower have been shredded which ensures safety and durability.
